https://webu.brooks.af.mil - Course Description - Micr...
Web University Course Description and Contact
U.S. Air Force Hazard Communication Training, 2004
Course covers employee rights and employer responsibilities under the HAZCOM Program, describes how to identify workplace hazards, and familiarizes the student with material labeling and information provided on the MSDS. This course has been reviewed and approved by HQ USAF/SGP and satisfies training mandated by 29 CFR 1910.1200; DoDI 6050.5, and AFOSHSTD 161-21 when given to the employee in conjunction with a description of workplace specific hazards.

## New Student Registration

**Note:** If you registered for WebU but did not receive a Username, go to "Forgot Your Login?" and check the email address you provided. Do not submit a second registration form.

Enter the information requested.

Welcome to the Web University (WebU)! Before enrolling in a course, each student must complete the student registration form. The WebU uses registration information and demographic data to determine who is using the training courses, track student course completion and to provide individualized reports of training. *See Privacy Act Statement*.

I confirm that I am registering for myself.
By submitting this form you are certifying that you are authorized to provide this information and that it is correct. Purposely certifying false or misleading information may result in disciplinary action.
**All asterisked(*) fields must be completed.**
